An on-demand version will be available later in the day. The live web cast will be interactive, allowing viewers to participate in the question and answer session.

About Cable & Wireless

Cable & Wireless is one of the world's leading international communications companies. It operates through two standalone business units - Europe, Asia & US and International.

The Europe, Asia & US business unit provides enterprise and carrier solutions to the largest users of telecoms services across the UK, US, continental Europe and Asia. With experience of delivering connectivity to 153 countries - and an intention to be the first customer-defined communications services business - the focus is on delivering customers a service experience that is second to none.

The International business unit operates integrated telecommunications companies in 39 countries offering mobile, broadband, domestic and international fixed line services to residential and business customers, with principal operations in the Caribbean, Panama, Macau, Monaco and the Channel Islands.
